

Obtaining EFFIS burned area data

Shapefiles can be requested at: <https://effis.jrc.ec.europa.eu/apps/data.request.form/>

The Data, Field type, Start date, End date and Countries must be the following:

Data*	Burnt Areas ✓ ↕
File type*	ESRI Shapefile / DBF ✓ ↕
Start date*	1/9/2017
End date*	30/11/2017
Countries*	Spain ✕ Portugal ✕ ▼
Description:	<div>The description of the request (Use this if no 'Data' options fits your need)</div>
<div>Send request Reset</div>	

Once the data has been requested you will receive an e-mail containing a .zip file. That .zip file must be extracted into a directory named incenESPT which must be in the same directory as your source files.
